("Holdings"), excluding replacements as the result of death, disability or reaching of retirement age, or (ii) through making shareholder proposals or initiating proxy solicitations, directs Holdings' board and/or influences the operations of the Company (a "Change of Control Event"), then: (a) the Union shall have the right in its sole discretion to extend the duration of the Agreement for up to two (2) years from the date of the Change of Control Event; and (b) Holdings and the Company shall at Holdings' option either (i) issue to eligible employees represented by the IAM Clerical common shares of Holdings having an aggregate market value of \$1,202,972 at the time of the Change of Control Event, or (ii) pay \$1,202,972 in cash. If Holdings elects to issue common stock it shall be issued within five (5) business days after the date of the Change of Control Event, and the number of shares to be issued shall be \$1,202,972 divided by the average closing price for the five (5) business days preceding the third business day after the date of Change of Control Event. If Holdings elects to issue cash, it shall do so no later than eight (8) business days following the date of the Change of Control Event. The stock or cash shall be allocated based on W-2 wages for the tax year immediately preceding the issuance of the stock. A "Change of Control" occurs when a purchaser or a group of purchasers acting in concert (as defined in Section 13(d) of the

Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder), through a single transaction or a series of related transactions, (i) acquires more than 40% of the capital stock of Holdings or the Company on a fully diluted basis, or (ii) obtains the right to elect the majority of Holdings' directors.

An "Adverse Transaction" shall mean: (a) any changes made in operations within two (2) years after either the Effective Date of the Joint Plan or a Change of Control, that reduce the total number of block hours flown by the Company during any 12 month period by 15% or more compared to the prior 12 month period or that reduce the number of the Company's aircraft to fewer than twenty (20) (an "Operational Reduction"); (b) a sale of all or substantially all of the equity securities or assets of the Company (a "Sale"); or (c) a merger of the Company with or into another entity, regardless of which entity is the surviving entity and which merger is used to implement an acquisition of the Company by another airline (a "Merger"). In the event that an "Adverse Transaction" occurs then, in addition to all other rights and remedies specified in the Agreement or otherwise available at law, the Union shall have the right in its sole discretion to (A) extend the duration of the Agreement for up to two (2) years past the Change of Control date, in the event of an Operational Reduction, or two (2) years past the Adverse Transaction date in the event of a Sale or Merger; and (B) obtain an agreement from the Company pursuant to which no active eligible employees (less the number of eligible employees on leave) who are on the seniority list on the date of the Adverse Transaction shall be furloughed from the date the Adverse Transaction through the amendable date, as it may be extended hereunder, except for furloughs that occur in the ordinary course for reasons such as but not limited to seasonality and aircraft placed out of service except as a result of the Adverse Transaction. In addition, Holdings and the Company shall at Holdings' option either (i) issue to employees common shares of Holdings having an aggregate market value of \$1,202,972 at the time of the Adverse Transaction, or (ii) pay \$1,202,972 in cash. If Holding elects to issue common stock it shall be issued within five (5) business days after the effective date of the Adverse Transaction, and the number of shares to be issued shall be \$1,202,972 divided by the average closing price for the five (5) business days preceding the third business day after the date the Adverse Transaction is publicly announced. If Holdings elects to issue cash, it shall do so no later than eight (8) business days following the effective date of the Adverse Transaction. The stock or cash shall be allocated based on W-2 wages for the tax year immediately preceding the issuance of the stock. In the event of a Merger, the furlough protection provided in (B) herein shall only be required of the Company until such time as the seniority lists and collective bargaining agreements of the merged companies are combined, and the Company hereby agrees to make such operational integration of the two carriers a condition of such Merger. The Company agrees that it shall provide the Union with sufficiently detailed information regarding a prospective Adverse Transaction on which to make the determination described herein, on or before the later of (x) 30 days prior to the effective date of the proposed Adverse Transaction, or (y) as soon as legally practicable based on advice of counsel to Holdings.

For purposes of this clause 3.7, any reference to the Company or Holdings shall be deemed to include any successor or parent entity of either the Company or Holdings; provided, however, in no event shall a single transfer or disposition of assets or equity securities of the Company, Holdings or any successor or predecessor of either the Company or Holdings trigger both a Change of Control Event and an Adverse Transaction for purposes of clause 3.7, whether or not coupled with a replacement of a majority of the directors of the Company or Holdings in connection with a Sale or Merger, as both are defined above.

3.8 In the event a petition under chapters 7 or 11 of the Bankruptcy Code concerning the Company filed, then the Company shall not file any application seeking rejection or modification of any agreement between the Company and the IAM pursuant to 11 U.S.C. Section 1113, including a request to implement interim changes in the Agreement pursuant to 11 U.S.C. Section 1113(e) before February 27, 2000.

3.9 It is agreed that should Corporate Governance terms regarding Employee Directors and the presence of an Employee Director on each significant Board Committee be continued for either

A recalled employee may be required to perform work other than that for which specifically recalled if the work assigned is of a kind normally performed during his regular shift. If an employee is recalled within one (1) hour from the time he clocked out, he shall be paid his minimum recall as though he had remained on duty without interruption until the end of his recall period.
- 7.5 An employee will not be called to work for less than four (4) hours at the overtime rate on his regularly scheduled day off or on a holiday. If said employee is retained in excess of four (4) hours, he shall be paid not less than eight (8) hours pay at the overtime rate.
- 7.6 No overtime shall be worked except by direction of the proper supervisory personnel of the Company.
- 7.7 An employee will have at least ten (10) hours off duty after having worked overtime except when called four (4) or less hours in advance of the regular starting time of his shift. If said rest period extends over his usual starting time, the employee shall be compensated for the time so lost on a straight time basis and the hours represented by such compensation shall be considered as hours actually worked for the purpose of computing overtime. No employee shall work more than twenty-four (24) continuous hours without a twelve (12) hour rest period before returning to work. Employees will not be required to suspend work during regular working hours to absorb overtime.
- 7.8 Overtime shall be distributed as equally as possible among all qualified employees at the location where overtime is required, except when an employee is permitted to remain on the job up to one hour for job completion purposes at the end of the employee's shift rather than using the overtime list, on the following basis:
- (a) If it is determined that a formal procedure is required, by a method of equalization agreed to locally between local management and the local committee OR, if no agreement
 - (b) In accordance with the following rules to those available qualified employees who are shown on an overtime list by section (or work unit) and shifts as having accrued the least number of overtime hours. Employees may advise management that they do not wish to be called for overtime in which event they may be bypassed and charged for overtime without being called or paid for such bypass.
 - i. Whenever possible, four (4) hours' notice of contemplated overtime shall be given affected employees.
 - ii. All overtime, excluding holiday work, one (1) hour minimum overtime payments, and premium rate training will be recorded for purposes of determining an employee's relative position on his overtime list.

- iii. An employee will be charged with overtime if he does not work the available overtime when his opportunity comes up and he indicates or has indicated to the Company his desire not to work overtime. Employees without telephone numbers listed for overtime calls will be charged with refusal when they would have been called. No charge will be made if the overtime is cancelled. However, if an employee is not advised of the opportunity to work at least one (1) hour prior to the contemplated start of non-emergency overtime, his overtime balance will not be charged should he refuse the work.
- iv. Overtime hours worked or charged will be converted to equivalent straight time hours and recorded. Recording will be in one (1) hour increments; an increment in excess of one-half (1/2) hour will be recorded as a full hour. Employees absent from work on sick leave (with or without pay) on their fifth (5th) day will not be eligible for overtime on the sixth (6th) and seventh (7th) day. Employees absent from work for thirty (30) consecutive days or less for any reason shall not be called for overtime work or charged. Employees absent from work in excess of thirty (30) days for any reason shall not be called for overtime work and, upon their return, shall be credited with but not paid the average overtime hours of the employees on the overtime list or their own overtime hours, whichever is greater.
- v. Overtime balances shall be reduced at least once a year by subtracting the lowest recorded hours from each employee's total.
- vi. When an employee's name is added to an overtime list, he will be charged with the average of the hours of all employees on the list.
- vii. During his probationary period (new hire), an employee will not be considered for overtime work unless enough qualified employees on the overtime list are not available, except that at a location where more than twenty-five percent (25%) of the total employees in shop (or work unit) and classification are in their probationary period they may work overtime; and when probationary employees work overtime they will be charged on the respective overtime list.
- viii. Overtime anticipated to be four (4) hours or less, which is continuous following a scheduled shift, will be offered to employees on regular work days on that shift. Overtime anticipated to be four (4) hours or less, in advance of and continuous with a scheduled shift, will be offered to employees on regular work days on the oncoming shift.
- ix. Overtime anticipated to be more than four (4) hours will be offered to employees on a regular day off with preference to employees on the shift on which the overtime is needed.
- x. An employee who is bypassed for an overtime assignment when eligible will be paid at the overtime rate for the overtime hours missed except as provided in Clause 7.8.b. The hours paid will be added to the employee's overtime balance.
- xi. When an employee performs emergency field service away from his base station, hours worked beyond eight (8) hours at straight time on a scheduled work day and all hours worked on a regular day off will be recorded as overtime and charged on his overtime list.

xii. Names of employees working relief shifts shall appear on the overtime lists of all such shifts, and they will be offered overtime work on each shift in accordance with their relative position on that shift's overtime list.

xiii. Only one (1) overtime list will be maintained for each grouping at each work location. e.g.

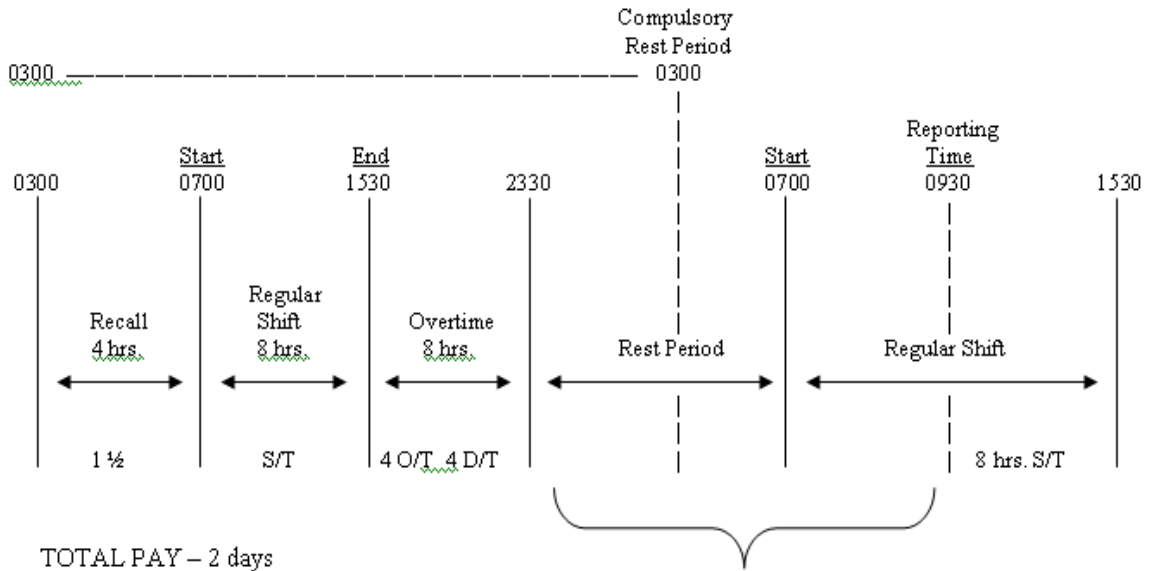

A. Sr. Accountant, Jr. Accountant, Accounting Clerk 2, Accounting Clerk 1

B. Chief Agent, Agent

C. Chief Ramp Agent, Ramp Agent

In reference to the use of these lists, it is understood and agreed that where the overtime vacancy to be filled is for a higher position, e.g. Chief, the low Chief employee on the overtime list shall be called to fill the requirement. On the other hand, if the position to be filled is for e.g., an Agent, Assistant Crew Scheduler, Accounting Clerk and the low employee on the overtime list is Chief, Crew Scheduler or Accountant, he will be offered the overtime and if he accepts, he will be paid at his regular rate during such overtime period.

EXAMPLE III

7.9 Except in an emergency, an employee will not be required to work overtime against his wishes. Mandatory overtime will be assigned by inverse Classification Seniority order, except that if the need requires a qualification, the mandatory overtime will be assigned to those qualified in inverse Classification Seniority order. It is agreed that the performance of work necessary to maintain flight schedule (both customer and flights), or to protect Company property, as well as to maintain employee payroll in accounting, will be considered as an emergency. Whenever possible, employees will be given four (4) hours notice of contemplated overtime.

- (a) If one (1) hour's advance notice of the mandatory overtime need is not provided, the employee will receive one and one-half (1 1/2) hours pay as a penalty in addition to the pay earned for any mandatory overtime hours actually worked.
- (b) If the mandatory overtime procedures above are not followed, the employee forced to work overtime will be paid at the double time (2x) rate for all mandatory overtime hours in question.

- (c) An employee who has accepted overtime but who can no longer work said overtime, must call or email the manager on duty at least four (4) hours prior to the start of the scheduled overtime shift. Employees who comply with this procedure will be charged the actual hours of overtime on the overtime list for equalization purposes. Employees who fail to provide timely notice at least four (4) hours prior to the start of their scheduled overtime will be charged twice the actual hours of overtime on the overtime list for equalization purposes.

The Company and the Union may agree to additional penalties for employees who excessively fail to show for overtime shifts after having accepted the assignments.

- 7.10 When employees are required to attend formal education classes conducted by the Company, they shall receive straight time pay for the period they are in attendance of such classes, if the classes are held during a regular shift, immediately preceding or following a regular shift, or at any other time mutually agreed to. When employees are required to participate in remote training outside of a classroom, they shall receive straight time pay for such training for a period determined by the Company, as allowed by law. An employee shall not be required to attend training classes on his regular day off and shall be given an opportunity to make up such training at a later time. No employee shall be required to participate in training classes outside his regular shift for more than two (2) hours at straight time rates. The two (2) hours may be scheduled either prior to or after the regular shift and, if further work is necessary, the two (2) hours training shall be considered as overtime for further pay computation. There shall be no training on holidays except by agreement between the Company and the Local Committee. When an employee's shift or regular days off are changed for training purposes, the Company will give him five (5) work days notice of such change.

- (a) An employee may volunteer to change his schedule for training purposes without receiving the five (5) work days notice. Should the employee do so, they will be exempt from the overtime restriction as prescribed under Article 7.3 and will receive, if applicable, the appropriate overtime pay rate.

- 7.11 New employees, who are required to attend initial formal, classroom training prior to regular assignment, shall be paid the minimum hourly rate in accordance with State and/or Federal wage standards. Such training shall not include "production" work and not exceed eighty (80) hours of classroom training.

7.12

- (a) For continuous service after regular working hours, employees will not be required to work more than two (2) hours without being permitted to go to meals and employees will be allowed a thirty (30) minute period in which to eat without loss of time. Employees who work four (4) or more hours overtime after regular working hours will each be given eight dollars (\$8.00) for meal allowance.

- (b) Employees reporting to work four (4) or more hours prior to their regular shift will be allowed a thirty (30) minute meal period with pay during the first hour of their regular shift. If not given an opportunity to eat within the first hour of his regular shift, he will be paid for such thirty (30) minute lunch period at one and one-half (1½) times his straight time rate and will be given an opportunity to eat as soon as possible after the first hour. Employees reporting to work two (2) or more hours prior to their regular shift will be allowed a ten (10) minute rest period before the

start of their regular shift.

7.13 There shall be no pyramiding of overtime rates provided for in this Agreement, and no employee shall receive more than two (2) times the straight time rate for any overtime hours worked except for certain rest period violations as outlined in Clause 7.7.

7.14 The following shall be designated as Company holidays:

New Year's Day

Labor Day

Presidents' Day

Discoverers' Day

Memorial Day

Thanksgiving Day

Kamehameha Day

Christmas Day

Independence Day

(a) If any of the above named holidays is by State or national proclamation observed on any day other than that on which it falls, the day observed shall be considered as the holiday.

(b) An Employee's birthday will be observed as a day off with pay. The employee will be given their actual day off for their birthday unless he requests otherwise. If the requirements of service permit and with at least 15 days advance notice the employee's Birthday Holiday may be taken in conjunction with his days off. In any event, it must be taken within thirty (30) days of the actual day (before or after the date). If the employee's actual birthday falls on any of the "Observed Holidays" in 7.14 or on any of his rest days, then he will be given an additional day off in accordance with the preceding procedures. If the birthday has not been taken within thirty (30) days of the actual day the company will assign the employees next scheduled work day as their birthday holiday.

(c) In addition, a Company Anniversary will be observed as a day off without pay. If requirements of the service permit, providing he makes his request at least fifteen (15) days in advance, the Company Anniversary Day may be taken on the actual date. If the employee's Company Anniversary Day is not taken on the actual date, then it can be taken in conjunction with his days off with prior approval. In any event, it must be assigned if requested no later than thirty (30) days of the actual day (before or after the date).

7.15 If a holiday falls on an employee's scheduled day off, his next work day shall be observed as his holiday; an extra day will be added to the employee's paid vacation if the holiday falls within his vacation period. Any employee absent on a holiday due to illness shall be paid holiday pay at his

straight time rate. Employees shall not receive both sick leave and holiday pay for absences on a holiday.

- 7.16 Insofar as possible an employee shall be released from duty on the day observed as the holiday, and when so released will be paid for eight (8) hours at the straight time rate.
- 7.17 An employee required to work on a holiday will be paid his holiday pay (8 hours at straight time) plus time and one half (1½) for the first eight (8) hours worked or for the first ten (10) hours if that is the length of his regularly scheduled shift. Time worked in excess of the eight (8) and ten (10) hours respectively, will be paid at double time for all hours worked.
- 7.18 An employee absent from work the day before or the day after a holiday without permission from the Company shall receive no pay for the holiday. Employees suspended for a period during which a holiday falls will not be paid for the holiday.
- 7.19 When it is not possible for all employees in a department or work unit (e.g. interline, accounts receivable) to be released from duty on the day observed as the holiday, the needed employees shall be offered the opportunity to work in the order of their classification seniority. If no one desires to work, the junior employees of said department or work unit may be required to work. An employee required to work on a holiday who fails or refuses to report to work, unless for a justifiable reason, shall not receive any compensation for that day.

- 8.1 Employees who are temporarily transferred from their home station to fill temporary vacancies shall be paid for the time necessary to travel, including waiting for travel, in connection with such temporary transfer, and they shall receive necessary and reasonable expenses for transportation, laundry, meals and lodging.
- (a) All travel outside of the Hawaiian Islands will be compensated at the applicable rate of pay and will begin two (2) hours prior to the scheduled departure time and end one (1) hour after gate arrival.
- (b) All travel between the Hawaiian Islands will be compensated at the applicable rate of pay based on clock-in and clock-out times but shall not be greater than one (1) hour prior to flight departure and up to one (1) hour after flight arrival, as needed.
- 8.2 Employees required to work after traveling in connection with temporary assignment shall be paid at the overtime rate for all hours worked in excess of eight (8) hours of waiting, traveling, and working time for the day in question.
- 8.3 When an employee is away from his home station filling a temporary vacancy, he shall be paid for the work he performs in accordance with the provisions of this Agreement based on the shifts as scheduled at the location of the temporary vacancy, but in no event shall he receive less than eight (8) hours pay for each day. It is understood that the Company may schedule an employee to take his regular days off without compensation except for the reasonable and necessary expenses provided for in this Article.
- 8.4 Where transportation, laundry, meals and lodging are not provided by the Company, necessary and reasonable expenses will be allowed. Upon application an employee will be given an advance by the Company to cover his expenses while away from his base station. When overnight lodging is required, single room accommodations will be made. When only twin room accommodations are available, if the employees choose to share a room the cost of a single room will be divided between them. In the event the employees choose not to share a room, the employee without a room will be provided with the dollar amount that the single room would have cost. Within five (5) days after returning to this home station, or at the close of each week in the event the employee is away for a period longer than one (1) week, the employee shall submit an expense account in accordance with Company regulations; and if the employee has returned to his home station, the account shall be accompanied by the balance of any expense money advanced in excess of the expensed amount.
- 8.5 All employees on temporary assignment or Emergency Field Service will be entitled to per diem for meals from the time they leave their home base until the time they return. Temporary assignments must include an overnight stay in order to qualify for a per diem. The per diem rate will be that given in Public Form 1542 IRS Allowance at the date of signing of the revised

agreement. For partial days the per diem rate will be pro-rated and will be reimbursed for the time they are away using a quarter system: 00:00 to 05:59; 6:00 to 11:59; 12:00 to 17:59; 18:00 to 23:59. For interisland assignments that do not require an overnight stay he shall be reimbursed for receipted reasonable expenses.

- 8.6 Employees traveling to or from Emergency Field Service assignments, special assignments, or training will be ticketed on a "must ride" basis. If the flight is on Hawaiian and is over two (2) hours the employee shall be ticketed PS1Y and given the highest priority for First Class Seating immediately following the last Revenue First Class passenger (not including interline or Hawaiian Airlines employee upgrades). In the event of insufficient First Class seats, assignment of employees shall be as follows: All currently active captains then all remaining deadheading crew members and IAM members traveling in accordance with this clause in order of date of hire.

ARTICLE 9

SENIORITY

9.1 Definitions:

- (a) Effective 2/16/2022, Company seniority shall be the date the employee filled a permanent position in the Company covered by this IAM Agreement. In the event two or more employees have identical company seniority, their seniority ranking will be determined first by date of hire and then by the last four digits of the Social Security Number (SSN), if their date of hire is after May 27, 1999. Company seniority will be utilized for purposes of vacation bidding.
- (b) Effective DOS Classification seniority shall be the day following the closing date of the bulletin for a permanent position. In the event two or more employees have identical classification seniority, their seniority ranking will be determined first by entry date into the division, if that is the same, by company seniority, then by the last four digits of their Social Security Number, if their date of hire is after May 27, 1999. Classification seniority is used for shift and days off bidding, and the awarding of vacancies.

9.2 The classification to be recognized for seniority purposes are those listed in Article 4. Employees who have established seniority in any other classification will continue to accrue seniority in that classification and shall be able to return to that classification in the event of a reduction.

9.3 When an employee moves to a higher rated classification he shall continue to accrue seniority in the lower rated classification. If he voluntarily moves to a lower rated classification he will lose seniority in the higher rated classification.

9.4 The employees covered by this Agreement possessing the qualifications and the greater company seniority as defined in clause 9.1.a shall receive preference in all matters regarding reductions, and re-employment. It is understood that "qualified" shall mean meeting the qualifications as outlined in Article 5 as well as having the basic ability to perform the work required for the job and not "best qualified." In the case of layoffs, demotions, or voluntary step-backs, the affected employees and any other employees they displace will have five (5) calendar days from receipt of notice to bump into any classification, unit, shift, or days off (in that order) in accordance with classification seniority and ability to perform the work. Employees who fail to meet the performance requirements of the jobs they bump into and are found unqualified within the ninety (90) day trial period shall have the right to bump again.

On the date of ratification of this Agreement, February 16, 2022, an employee previously in a Lead classification will be given Classification Seniority in their newly established Chief classification, such date shall be the date of ratification. Additionally, any employee in a Chief classification who does not hold Classification Seniority in the corresponding base classification will be given such base Classification Seniority, with such Classification Date being the date of ratification.

Ties in Chief Classification Seniority will be broken first by looking at previous Lead Seniority if applicable, then by Company Seniority, then by Date of Hire, and then by the lower last four (4) digits of Social Security Number.

- 9.5 An employee who has once exercised his classification seniority rights in the choice of a shift or days off within a shift may not thereafter exercise his seniority rights to displace a junior employee from a shift or days off to which the junior employee is already assigned.
- 9.6 Employees leaving positions covered by this agreement to accept noncontract non-management permanent positions with the Company below the Director level will continue to accrue seniority for six (6) months and thereafter retain such accrued seniority provided they continue to submit the applicable administrative fees equal to the amount of the applicable dues to the Union. Such employees can only return to the bargaining unit if there is a vacancy. The names of such employees shall appear on the seniority lists.
- 9.7 When an employee accepts a promoted position in the Company below the Director level that is outside the scope of this Agreement and not covered by another Agreement, the employee shall continue to accrue seniority for six (6) calendar months and thereafter will retain accrued seniority provided they pay administrative fees to the Union equal to the amount of the applicable dues on a monthly basis. When an employee covered by this Agreement accepts a promoted position in the Company at the Director level or above in Management their name will be removed from the seniority list. An employee assigned to a supervisory position will retain seniority accrued to January 1, 1971 but will not accrue further seniority while continuing in such supervisory position. Following DOS employees who accept a temporary or permanent position in the Company that is outside the scope of this Agreement will, after six (6) months lose their accrued seniority on a day for day basis. Such employees can only voluntarily return to the bargaining unit if there is a vacancy. This clause is inapplicable in the first six (6) months outside the scope of this Agreement and in the event of RIF or removal from a supervisory position by management. The name of such employee shall be carried on the seniority lists as provided for in Clause 9.10. Promoted means a position that pays more than the highest classification in that work unit. Employees accepting a position that pays less than the highest classification in that work unit will lose all their seniority and have their names removed from the seniority list.
- 9.8 When the employee accepts a position in the Company that is in another bargaining unit, the employee shall continue to accrue seniority for the length of their probationary period in the other collective bargaining agreement. To continue to accrue or retain seniority such employee must pay union dues on a monthly basis. During this period the employee may return to the bargaining unit providing he has the classification seniority and meets the qualifications. The Company will determine shift and days off until the next bid. At the end of the probationary period the employee loses all seniority in this bargaining unit.
- 9.9 An employee accepting a management position involving instructional duties directly related to members of the IAM shall continue to accrue seniority for five (5) years and thereafter retain seniority. To continue to accrue and retain seniority the employee must continue to pay administrative fees to the Union equal to the amount of the applicable dues on a monthly basis.

9.10 Employees new to the bargaining unit shall be regarded as probationary employees for the first one hundred eighty (180) calendar days of their employment, inclusive of training, and may be discharged at any time during said probationary period without hearing. With the exception of days off and holidays, an employee who spends any part of the one hundred eighty (180) probationary days away from work, (e.g., sick leave, vacation, leave of absence and occupational illness or injury leave) shall have his probationary period automatically extended until such time that he completes his one hundred eighty (180) calendar days. If retained in the service of the Company after the probationary period, the names of such employees shall then be placed on the seniority list for their respective classifications.

9.11 Copies of a seniority list by classifications showing the name, job classification, classification seniority date, adjusted classification seniority date, Company seniority dates and work location shall be posted in a convenient place within thirty (30) days after the effective date of this Agreement. A copy of such list will be furnished to the System General Chairman and to the Chairman of the Local Committee. The seniority dates shall, when necessary, be set ahead to adjust for any periods during which the seniority accrual has been suspended, as provided for in Clauses 9.6, 9.10 and 11.1. The seniority list shall be amended each January 15 and July 15 to incorporate changes and additions and shall be subject to correction upon protest of any omission or incorrect listing if a complaint is filed on the proper form agreed to by both the Company and the Union. Said form must be completed in its entirety and submitted to both the Company and the Union along with any supporting documents under the procedures of Article 15 within thirty (30) days of delivery of the list to the Union. If no such protest form is filed within thirty (30) days from the time the first list is posted and delivered to the designated Union representative or within thirty (30) days from the date an employee's name first appears on a list posted and given to the Union representative, the dates on each list shall be presumed beyond question to be correct and no protest, grievance, suit or other means shall thereafter be commenced or entertained to change said date for any employee.

9.12 An employee covered by this Agreement shall lose his seniority status and his name shall be removed from the seniority list under the following conditions:

(a) He resigns from the Company.

(b) He resigns from a classification or voluntarily steps down to accept a lower classified job for which he is the successful bidder.

(c) He is displaced and refuses to exercise his seniority right to bump laterally into another job for which he is qualified.

(d) He refuses recall to a higher classified job of more than sixty (60) days anticipated duration for which he is qualified.

Under the circumstances listed in Clause 9.12 b, c, d, it is understood that he will lose only such seniority he has earned in the classification from which he resigned, stepped down, was displaced, or refused recall; provided, he shall not lose this seniority if he must change his

domicile in order to bump or accept recall. This will not restrict him from bidding on future vacancies in any classification.

- (e) He is discharged for cause.
- (f) He is absent from work for two (2) consecutive work days without properly notifying the Company of the reason for his absence and not then if a satisfactory reason is given for not so notifying the Company.
- (g) He does not inform the Company in writing, by email, or by fax of his intention to return to service within ten (10) days of sending out notice offering him re-employment.
- (h) He does not return to the service of the Company on or before a date specified in the notice from the Company offering him reemployment, which date shall not be prior to fifteen (15) days after sending such notice; provided, however, that the offer is for a position anticipated to last sixty (60) or more consecutive days
- (i) He is not recalled after having been laid off from the Company for a continuous period of five (5) years. The five (5) years shall be considered broken only if an employee is recalled for a period of sixty (60) or more consecutive days.

NOTE: Employees who held classification seniority prior to October 1, 2001, will continue to accrue such seniority. Should they wish to bid or displace into the classification they are required to meet the qualifications. If the work in the employee's previous classification has changed the employee, provided he meets the qualifications, will be given sixty (60) days to demonstrate his ability to perform such work.

- 9.13 All notices required to be sent under Clause 9.12 shall be hand delivered (the appropriate time period shall commence at the time and on the day the employee receives and signs for it), sent by registered or certified mail, return receipt requested, or by email or by fax to the employee at the last address filed by him with the Personnel Office; provided, however, that there shall be no duty on the part of the Company to send a notice to the laid-off employee unless said employee shall, when laid off, file his address with the Personnel Office of the Company and shall thereafter promptly advise the Personnel Office of any change in address.
- 9.14 When it becomes necessary to lay off employees because of a reduction in force, the employees to be laid off shall be given five (5) work days notice or shall be paid at the rate of eight (8) straight time hours per day in lieu thereof. Affected employees whose seniority rights entitle them to continued employment shall assert such rights within five (5) calendar days from receipt of notice of layoff.
- 9.15 All orders or notices to an employee covered by this Agreement involving a transfer, promotion, step-back, or layoff shall be given in writing.

- 9.16 Employees who have given long and faithful service in the employ of the Company and who have become unable to handle their normal assignments will be given preference for such other available work as they are able to handle within their classification at the rate of pay for the job to which they are assigned.
- 9.17 Intentionally left blank.
- 9.18 Employees on authorized leave of absence will retain but will not accrue seniority except as provided in Clauses 11.1 and 11.3.

ARTICLE 10

VACANCIES

- 10.1 A vacancy shall be defined as any newly created position, vacated job assignment or addition in the complement of a work unit in excess of sixty (60) days to which no one has recall rights.
- 10.2 With the exception of positions created by employees filling full-time positions with the Union temporary vacancies anticipated to be of a duration of ninety (90) days or less may be filled through temporary upgrade or the posting of a temporary vacancy. Temporary vacancies anticipated to exceed a ninety (90) day duration may be posted as a temporary vacancy or a temporary upgrade may be extended with concurrence from the Union. When the Company seeks concurrence to extend a temporary upgrade, the Union shall respond within two (2) business days. Employees filling temporary vacancies will not accrue seniority in the temporary position if it is a classification in which they do not have existing classification seniority. Employees in a temporary vacancy shall be returned to their former assignment and status at the return of the incumbent or the conclusion of the temporary vacancy, whichever occurs sooner. Employees filling temporary vacancies can bid on permanent vacancies.
- 10.3 All permanent positions will be first filled (by a mutually agreed system between the Local Committee and management) within the work unit where the vacancy has occurred to allow employees within the work unit an opportunity to change their shift and/or days off. The resulting vacancy will then be posted at all work locations at which there are employees represented by the IAM. An employee awarded a position of a non- promotional nature in another department or work unit may be required to remain in the position for twelve (12) months. Employees shall retain their right to bid at any time on shift preferences or preferences for days off within the shift except for absences of less than five (5) days which will be filled by temporary upgrading of an employee within the work location based on classification seniority. For an employee awarded a permanent position, seniority will accrue from the day after the close of the posting.
- 10.4 Employees new to the Company will be unable to bid to a new classification for a period of one year. However, employees shall be allowed to bid to a new classification that is considered to be of the same job type but higher than the present classification. For example, a FT Customer Service Agent would be able to bid for a Chief Customer Service Agent position, even if the employee was in the Customer Service Agent classification for less than one year. Furthermore, employees will be free to bid for positions of the same job type, but of a different work status at any time. For example, a PT Ramp Agent would be able to bid for a FT Ramp Agent position or a WPT Ramp Agent position, at any time, regardless of being in the PT Ramp Agent Classification for less than one year.
- 10.5 Prior to filling openings, the Chairman of the Local Committee will be notified of the number of vacancies, the required qualifications and the duties. When selected, he will be notified of the names of the successful bidder(s).
- 10.6 Postings for all positions shall state the classification, the location, and the work status (full-time/part-time). The Company will make known the place where bids are to be sent, and the last

date on which bids will be received, such date to be at least seven (7) days after the date the bulletin has been posted. Within seven (7) days after the bid is closed, the Company will post the name of the successful bidder. All postings will be transmitted by email to all stations/departments and put on the bulletin boards within twenty-four (24) hours of the time of that email.

Preference for awarding of a vacancy will be given

- First to employees working the base classification at the vacancy location, by Classification Seniority
- Then, if it is a Chief vacancy, to any Chief in any classification at the vacancy location by Company Seniority
- Then to employees in the base classification at other locations, by Classification Seniority
- Then to employees out of classification, covered by this Agreement, by Company Seniority
- Then to employees covered by another IAM agreement
- Then selection is at Company discretion

10.7 The Company will contact the employee identified in Article 10.6 within seven (7) calendar days of bid close to notify them that they are the successful bidder. The employee will have 72 hours from being notified by the Company to accept the position, which may be accomplished in person, via email, or other mutually agreed form. If an employee refuses to accept his new assignment after having been the successful bidder for a vacancy, he will forfeit all bidding rights at that location (except shift and day off preference within his classification) for the position declined for a period of six (6) months from the date he was notified that he was the successful bidder. Once an employee has officially accepted an offer of a permanent vacancy, they will be deemed to have immediately relinquished any rights to their previous position, notwithstanding disqualification procedures in Article 10.9. Within seven (7) days after the job is awarded, the Company shall place the successful bidder on said job or pay at the higher rate while awaiting replacement. At no time will a successful bidder be held more than thirty (30) days from moving to a new position, unless agreed between the Company and Local Committee.

10.8 If transportation is required to move the successful bidder for a vacancy to his new location, the Company will furnish air transportation on its system for the employee and members of his immediate family, to the extent permitted by law, from the location from which he is transferring to the location of the bulletined vacancy. All other expenses incident to such transfer will be borne by the employee. The Company will, however, transport the employee's household goods and car over Company routes only on a strictly space available basis if such goods and car are delivered at the employee's expense to the Company's nearest freight facility. If no space is available to ship employee property within thirty (30) days from receipt, the employee must either arrange other means of transporting his goods, or may ship via Hawaiian at fifty percent (50%) of the going tariff. The employee, upon his request, will be allowed time off for a reasonable period without pay between the time he is relieved of his duties at his previous location and the time he is required to report at the new location, the length of such period to be established in advance. When an employee is forced to move from the U.S. mainland to an interisland location or vice versa in order to maintain employment at Hawaiian Airlines, he will have the option of receiving Actual expenses as outlined in Paragraph a. or receiving a Flat rate as outlined in Paragraph b.

(a) Actual Expenses:

- i. Actual moving expenses for household goods and effects up to a maximum of one thousand five hundred (1,500) cubic feet or fifteen thousand (15,000) pounds, if substantiated by properly receipted bills, for shipping, insurance for declared value, drayage, packing and unpacking, indicating the number of cubic feet of household goods or effects being handled. The Company, may, at its option, prescribe or control the shipment from the time of packing at the point of departure to the time of unpacking at the point of arrival. If for any reason the Company has not delivered the household goods within thirty (30) days from the time of packing, the Company shall pay thirty dollars (\$30.00) per day for each adult and child over twelve (12) years of age until the employee is notified that his household goods are available for pickup. Necessary storage of up to thirty (30) days will be authorized at origin and/or destination.
- ii. If such employee uses his personal automobile(s) for his or his family's transportation to the new vacancy, the Company will pay an allowance of twenty cents (20) per mile for the shortest American Automobile Association highway mileage between the employee's former residence and his residence. In cases where personal automobiles must be transferred by ocean (or air) shipping for all or part of the move, the Company shall pay all reasonable and actual costs of such transfer for up to two (2) automobiles.

(b) Flat Rate:

In lieu of actual expenses, an employee shall have the option to receive a flat rate in the form of a Hawaiian cash voucher, prior to his departure and be permitted to ship personal effects and household goods on a space available basis on Company aircraft.

The Flat Rates between the following are:

Hawaiian Islands and the West Coast	\$2,500.00
West Coast and the East Coast	\$2,500.00
Honolulu and East Coast	\$5,000.00

In order to be eligible for moving expense or flat rate, the employee must actually move his residence.

- 10.9 An employee whose application for a vacancy is accepted shall have a reasonable trial period of thirty (30) days but not to exceed ninety (90) days in order to demonstrate his ability to perform the work required. During such trial period, the Company will furnish the employee and the Union with a copy of the Company progress report that is completed by the supervisor at the end of thirty (30) days and at the end of forty- five (45) days of the trial period, if applicable. If during such trial period the employee is unable to demonstrate ability to perform the work required, and after the Company advises the Local Committee, the employee shall be returned to his previous assignment but he shall not for a period of six (6) months, inclusive of time spent on the trial period, be permitted to bid for a vacancy in the same classification of work in which he was unable

to demonstrate ability or to bid for a vacancy in a higher classification. Employees awarded a vacancy that involves a change of domicile, but not a change in classification, will not be subject to a trial period in the new domicile.

- 10.10 Return to a former station for an employee who was unable to demonstrate ability to perform the work required by the job shall be without expense to the Company, except that the Company will furnish the necessary return air transportation on its system for the employee and his immediate family to the extent permitted by law, and the employee, upon his request, will be allowed time off for a reasonable period without pay from the time he is relieved of his duties until he is required to report for work at his previous station. The length of such period will be established in advance.
- 10.11 For locations within the Company operating more than one shift Monday through Friday, there will be at least one but no more than two general shift bids per year.

General shift bid will be defined as a complete rebid of an entire department (e.g., FT, PT, and WPT, Ramp/CSA must all be rebid).

Shift improvement bids will be defined as shift adjustments that are required for individual work units, but not the entire department (e.g., PT Ramp Agents adjusting shifts through lateral bids).

General shift bids may be facilitated with seven (7) days' notice by the Company. Employees will be required to submit their bid preference(s) prior to the general shift bid. The Company may determine the method of submission as long as it complies with the work rules contained within the Agreement. Employees will be provided seven (7) days' notice by the Company prior to schedule adjustments as a result of general shift bids. Failure to submit a general shift bid preference will result in the employee being assigned a remaining shift.

Shift improvement bids may be facilitated with three (3) days' notice by the Company. Employees will be required to submit their shift/day off preference prior to the shift improvement bid. The Company may determine the method of submission as long as it complies with the work rules contained within the Agreement. Employees will be provided seven (7) days' notice by the Company prior to schedule adjustments as a result of shift improvement bids.

Major shift improvement bids may be facilitated with seven (7) days' notice by the Company. Employees will be required to submit their shift/day off preferences prior to the major shift improvement bid. The Company may determine the method of submission as long as it complies with the work rules contained within the Agreement. Employees will be provided seven (7) days' notice by the Company prior to schedule adjustments as a result of major shift improvement bids.

A major shift improvement bid is defined as creating a shift, eliminating a shift (i.e., eliminating an entire shift or the majority of lines) or changing the duration of a part-time shift.

An employee's general shift bid and shift improvement bid preference submission constitutes their agreement to work that shift if awarded.

The Company will speak with the Local Committee Chairperson prior to conducting a general shift bid or major shift improvement bid. These discussions shall occur promptly to avoid any delay in conducting the general shift bid or major shift improvement bid.

- 10.12 A temporary vacancy will be offered to the senior qualified employee in the work unit where the vacancy actually exists regardless of his shift assignment at the time the vacancy occurs except:
- (a) Where the vacancy is of such short duration and unexpected occurrence as to make it impossible for the Company to comply with the seven (7) calendar days notice of shift change.
 - (b) In the case of a Chief Agent's vacancy, the senior laid-off Chief in the bid area in which the vacancy occurs shall be offered the job.
 - (c) Deviation from the practice of upgrading the senior qualified employee in the work unit may be agreed to on a local unit basis among the supervisor, the Local Committee and the senior qualified employee concerned for the purpose of training other more junior employees in that unit.
 - (d) If a vacancy extends beyond the anticipated sixty (60) days, it will be posted in accordance with Clause 10.6.
 - (e) Temporary upgrading will be within the affected employee's classification only (i.e., Agent to Chief Agent, etc.). An employee upgraded for four (4) hours or less will receive the higher pay for four (4) hours. An employee upgraded for more than four (4) hours will receive the pay of the higher position for eight (8) hours.
- 10.13 During the interim required to post or to fill a vacancy, or for vacancies not expected to exceed sixty (60) days, the Company may select an employee to fill the vacancy temporarily. Under these circumstances, employees temporarily transferred from their regular work to fill the vacancy temporarily shall be paid at the closest to but higher than pay scale of the new classification that is at least twenty- five cents (25¢) per hour above the rate they were earning immediately prior to such temporary upgrading.
- 10.14 No employee will be compelled to accept a permanent transfer except where it involves a reduction in force in one area of work and an expansion in force in another area of work in which event the junior qualified employee may be transferred.

- 10.15 In the event a vacancy in the classifications covered by this Agreement exists at any location on the Company system and no qualified employees bid, the Company shall have the right to select to fill such position the senior qualified employee at any location who is willing to accept transfer at the Company's expense.
- 10.16 It shall be the policy of the Company to promote its own employees, and only when qualified employees cannot be found to fill vacancies as provided for in this Agreement or to fill positions in the supervisory force, will it be the disposition of the Company to vary from this policy.
- 10.17 An employee who has been subject to discipline involving a punitive suspension or worse will not be eligible to bid for a Lead, Chief, or other position involving supervision of employees belonging to a lower classification for a period of six (6) months from the date of suspension.
- 10.18 In the event the Company creates vacancies in a new classification that is not currently available or previously offered in a location, the vacancies shall first be filled by Company Seniority among employees working within the station/domicile.

All future vacancies after the initial posting will be filled per Article 10.2 and 10.3.

A newly created vacancy includes a position/classification that never existed before as well as a position/classification that has never been offered at the station/domicile.

Prior to implementation, the Company will meet with the Union to discuss staffing levels and other implementation procedures.

ARTICLE 12

VACATIONS

12.1 The calendar year will be used for computing vacation allowances.

12.2 As of January 1, each year, an employee who has had one (1) or more years continuous service with the Company will become eligible for a vacation period as follows, based on Company Date of Hire:

1 year but less than 5	80 hours
5 years but less than 11	120 hours
11 years but less than 18	160 hours
18 years but less than 24	200 hours
24 years but less than 30	240 hours
30 years or more	280 hours

12.3 As of January 1 of each year, each employee who has less than one (1) year of continuous service with the Company will become eligible for a vacation period with pay, computed to the nearest hour, on the basis of one-twelfth (1/12) of the annual vacation allowance for each complete calendar month of service.

12.4 Vacation time will not accrue to employees while on leave of absence or sick leave without pay in excess of eighty (80) hours, excluding time off due to industrial accident or industrial sickness; and in these circumstances the annual vacation credit allowance for the following year will be reduced on a pro rata basis by the total number of days in the total actual leave.

12.5 Employees may not accumulate more than forty (40) hours of their annual vacation allowance excluding the current calendar year's allowance earned in the preceding calendar year.

12.6 Intentionally left blank.

12.7 At least thirty (30) days prior to the commencement of each year's vacation bidding the Company will meet with the local union to discuss the procedures which will be followed. On October 1 of each year, the Company shall post a bulletin for each shop or other work unit showing employee names, Company seniority dates, and the projected number of hours of vacation, including accumulated vacation for each employee as of the following January 1. Insofar as the requirements of the service will permit, vacation periods will be scheduled at the convenience of the employees and no periods will be completely blocked out.

- (a) There will be a first bidding period starting October 1st on the shift or by starting time in each work unit during which each employee, by Company seniority, will bid for choice of vacation period. Any employee not bidding within the allotted time will be bypassed. During the first bidding period, employees must bid for vacation in a block of forty (40) or more hours unless he has a smaller accrual at the end of the prior calendar year, in which event the employee must bid his full accrual.

- (b) Once the first period is completed, a second period of continual rounds of bidding (but only one block of time per round) utilizing the same system as described in Clause 12.7.a. will take place until December 31st of that year. During the second bidding period, an employee must bid in a block of forty (40) or more hours unless to do so would leave him with no remaining hours. In such cases he must bid a minimum block of 16 hours. During all rounds of bidding subsequent to the second period, employees must bid a minimum of sixteen (16) hours, except in any round other than the first two (2) an employee may bid a single eight hour vacation with the following provisions:

- i. No employee will be awarded more than one eight- hour single vacation period per bid cycle.

- ii. Employees may only bid single eight-hour vacations in accordance with the following cap formula:

No. of Hours Bid in the First Period	Maximum No. of Single 8-hour Period
80 or more hours	5
120 or more hours	8
160 or more hours	10
200 or more hours	12

- (c) Any excess vacation not bid by December 31, other than the 40- hour carryover allowed by Clause 12.5, will be assigned by the Company. The Company will not assign a vacation to an employee who is scheduled to retire in the following year and who has not submitted a vacation bid. Such employee may accumulate his vacation entitlement earned the year prior to early or normal retirement in addition to the forty (40) hours specified in Clause 12.5. On January 1, the vacation schedule for the year will be posted for each shop or work unit.

- (d) Employees assigned to relief shifts will bid for vacations on that shift on which they are scheduled to work the most straight time hours.

- (e) If, because of extenuating circumstances, e.g. OCC, and employee has been unable to take his awarded or assigned vacation so that at year end he has greater than the allowed forty (40) hour carry over, he will be paid out all hours in excess of forty (40).
- 12.8 Once vacation schedules are established, changes will be subject to the following:
- (a) If an employee moves from one work unit to another by exercising his bid rights under the contract, he will be required to accept the vacation dates open in that work unit.
 - (b) If an employee is required to move from one work unit to another as a result of the Company's action, he will retain his vacation as bid or be permitted to fill open vacation time.
- 12.9 Where a justifiable reason exists and the requirements of the service permit, an employee may change his scheduled vacation period, provided that it will not interfere with another employee's vacation. Such changes may only be made on approval of the supervisor.
- 12.10 Vacation allowances may be granted in increments of less than eight (8) hours whenever the needs of the service will permit. Such increments will not be drawn from the employee's scheduled vacation unless specifically approved by his supervisor.
- 12.11 Where at the request of the Company an employee cancels his scheduled vacation, he shall be paid in lieu thereof for the cancelled vacation period at the rate of time and one-half (1½).
- 12.12 At termination of employment or upon layoff from employment with the Company, an employee shall be paid for accumulated vacation at the rate of straight time. Vacation allowances for service of less than one year shall be computed on a pro rata basis of the annual vacation allowance computed through the last day of the preceding month.
- 12.13 If requested at least two (2) weeks before his bid vacation starts, an employee will receive his vacation pay in advance.

- 12.15 The Company shall establish and maintain a program to permit the voluntary and anonymous donation of accrued vacation by IAM Clerical members who wish to assist other employees who, because of serious illness, injury or other exceptional circumstances, have exhausted their own sick leave and/or vacation banks but are unable to return to work, and consequently, are facing financial hardship. The parties will establish a joint committee to establish rules, limitations and eligibility qualifications and to accept and approve applications for assistance.

During the first 6 months full-time employees will not be granted any paid sick leave. During the second six (6) months of employment full-time employees shall be granted twelve (12) hours of paid sick leave. Regular part-time employees will be credited with a prorated amount based on the hours worked in the month. Part-time employees are not eligible for paid sick leave until they have completed twelve (12) months of employment.
- 13.2 Sick leave credit can be accrued up to a maximum of one thousand five hundred twenty (1,520) hours.
- 13.3

 - (c) In the application of sick leave pay provided by this Article, "disability" shall include total inability of an employee to perform the duties of her employment caused by pregnancy, the termination of pregnancy, complications resulting in sickness causing total disability, and childbirth, where physical disability is established by a physician's statement. "Disability" does not include pregnancy where the employee is able to perform the duties of her employment.
- 13.4 The Company may request a doctor's certificate before paying for sick leave in excess of three (3) days. Dental and doctor appointments will not be considered a basis for paid sick leave unless it can be shown that the doctor in question does not maintain office hours outside the employee's regular work time or on the employee's regular days off. Employees who falsely claim sick leave

will be disciplined. Employees covered by this Agreement and IAM recognize their obligation to be truthful and honest in preventing unnecessary absences or other abuses of the sick leave program. Informational letters may be submitted to employees by the Company pertaining to sick leave usage. No employee will be reprimanded for legitimate use of sick leave. An employee whose dependability record is unsatisfactory shall be so advised, furnished a copy of his record and given a reasonable opportunity for improvement before any disciplinary action is taken. The Company and Union will cooperate to see that sick leave is fairly and properly used.

- 13.5 All credit for non-occupational sick leave will be cancelled if employment ceases for any purpose other than layoff or authorized leave of absence, and no payment for such accumulated sick leave credit will be made at any time. No credit will be given for non-occupational sick leave purposes while an employee is on leave of absence or layoff.

Use of accrued sick leave to supplement Workers Compensation benefits shall be at the employee's option.

EXAMPLE: Employee is out on an occupational injury, he shall be paid in accordance with one of the following procedures:

The Union will be notified of the date of a Company required medical examination if the employee requests the Company to do so in writing;
 - v. shall not accrue or be entitled to any other employee benefits, such as vacation accrual, sick leave accrual, holiday pay, et cetera, except that an employee who is off work because of occupational illness or injury will continue to accrue vacation credit as long as such occupational illness or injury pay is supplemented by sick leave as provided in Clause 13.7 above.
- (c) If while on extended illness status the employee accepts employment elsewhere without prior approval by the Company and the Union, he shall be deemed to have severed his employee relationship with the Company.
- (d) There shall be no extension of extended illness status beyond three (3) years, except in the sole discretion of the Company. In the event the employee is unable to return to the full range of his duties at the end of the three (3) year period, his employment status shall automatically cease, except as provided above, and there shall be no recourse to the Grievance procedure. - (e) The Union and the Company will at all times keep the other party advised through written notice of any change in authorized representatives.

In the event it is necessary to go to another shop, they will report in with the foreman or supervisor of the other shop before contacting the affected employees. Local Committeemen will also be allowed a reasonable amount of time for this purpose. A Local Committeeman, regardless of seniority, will be assigned to whichever shifts and days off in his work unit the union requests provided that such shift carries a job assignment in his work classification for which he is qualified and providing the days off requested match days off existing for that shift.
- (i) Necessary hearings and investigations shall, insofar as possible, be conducted during regular business hours, and stewards and Local Committeemen and necessary witnesses shall not suffer loss of normal pay while attending such hearings or investigations. Oral and written evidence may be introduced at such hearings and witnesses may be required to testify as if under oath.

When it is not mutually agreed either party may have a stenographic record made of any such investigation or hearing at their own expense. A copy of such stenographic record will be furnished to the other party upon request at pro rata cost. The cost of any additional copies requested by either party shall be borne by the party requesting them.
- (l) No steward or Local Committee member shall serve in such capacity while he is on a leave of absence.
- (m) All time limits for hearing, appeals and decisions will be exclusive of Saturdays, Sundays, and holidays.
- (n) The parties may waive any step in this procedure and/or extend the time limits by mutual agreement. If an extension is requested, the time limits will be frozen until such time as a response is received.

- (p) Any grievance which the Company may have against the Union at any place on the system shall be presented by the Company's Chief Operating Officer or his designee to the System

General Chairman. In the event the matter is not satisfactorily adjusted within two (2) weeks after such presentation, it may be appealed to the System Board of Adjustment.

- (q) Grievances involving wage claims must be filed promptly after the cause giving rise to the grievance is evident. Wage claims will not be valid and collectible for a period earlier than thirty (30) days prior to the date of filing a grievance or the date the grievance arose, whichever is most recent.
- (r) If as a result of any hearing or appeals there from it is found the suspension or discharge was not justified, he shall be made whole, including back pay from the first date he was held out of service and his personnel records shall be corrected and cleared of such charge. If a suspension rather than discharge results, the employee shall have that time he has been held out of service without pay credited against his period of suspension. - (s) For grievances arising from disciplinary action taken by the Company, and for pre-disciplinary hearings as outlined in Article 15.3 of this Agreement, the Union and the Company shall be given an opportunity prior to the holding of the hearing to review any witness statements and documented evidence that either side may have.

15.2 Steps in Grievance Procedure

Step 1:

- (a) Any employee having a complaint or grievance in connection with the terms of this Agreement may within thirty (30) days after the occurrence or awareness of the situation causing the complaint, present his complaint or grievance to the steward, or committeeman if the steward is not available. With the grievant, if possible, the steward or committeeman will discuss the matter with the employee's immediate supervisor and endeavor to arrive at a satisfactory resolution. The supervisor will give his decision within twenty-four (24) hours after discussion of the issue.
- (b) This step may be verbal.

Step 2:

- (a) If the local committee wishes to appeal the decision rendered in Step 1, within fifteen (15) days of the decision, they will take the matter up with the official in charge at the base or station or Department Head, providing two (2) copies of the grievance to the Company representative, one (1) to be retained by the Company and one (1) to be returned to the

Union representative with the place the hearing will be held, and a mutually agreed date and time. The grievance will state the provisions of the agreement which are believed to have been violated as well as the facts giving rise to the alleged violation. If a hearing is required, the official in charge of the base or station, Department Head, or his designee, will conduct the hearing within fifteen (15) days of receipt of the appeal and will submit his written decision within ten (10) days of the hearing or within ten (10) days of receipt of the grievance if no hearing is required.

- (b) If the written decision is not sent within ten (10) days, provided there has been no agreement to extend the time limits, the grievance will be considered sustained for the grievant.

Step 3:

- (a) If a hearing is required the I.A.M. District Representative, or his designee, will submit the appeal to the Vice- President, or his designee, and he will schedule one within fifteen (15) days of receipt of the grievance and will submit his written decision within ten (10) days of the hearing, or within ten (10) days of receipt of the grievance if no hearing is required.
- (b) If the written decision is not sent within ten (10) days, provided there has been no agreement to extend the time limits, the grievance will be considered sustained for the grievant.
- (c) If the parties cannot reach agreement on a resolution of the issue at this step, the case will be referred to the System Board of Adjustment within forty (40) calendar days of receipt of the written decision.
- (d) Prior to the arbitration being scheduled and/or conducted, the parties may mutually agree to seek the services of a private mediator or a mediator from the National Mediation Board in an attempt to resolve the issue. This would in no way diminish the parties rights to continue with arbitration.

15.3 Procedure for Pre-disciplinary and Disciplinary Action

- (a) An employee who is to be questioned by Company representatives in the investigation of an incident which may result in disciplinary action being taken against him will be advised of his right to have a Union representative present as an observer before such questioning takes place. The above does not apply to inquiries of employees by supervisors in the normal course of their work.
- (b) No employee covered by this Agreement shall be discharged or suspended from the service without a prompt, fair and impartial/objective hearing and may be represented and assisted at such hearing by Union representatives.

- i. Employees held out of service pending investigation of disciplinary charges will incur no loss of pay, except that employees may be held out of service without pay when charged with any of the following: (1) being arrested for or charged with a disqualifying criminal offense that falls under the jurisdiction of the airport or city where the employee works; (2) participating in an unlawful or prohibited job action; (3) refusal or adulteration of a drug or alcohol test; (4) insubordination, or refusal to obey a direct order that is not safety-related; (5) refusal to participate in a Company investigation; (6) an act or threat of abuse or violence; (7) an act of fraud; or (8) use or possession of alcohol, illegal drugs, or weapons on Company property.
 - 1. It is understood that employees who cannot perform their work due to loss of license, badging, or being non-compliant on training requirements necessary for the performance of their work, may be held out of service without pay separate for the reasons enumerated above. It is understood that the above is not applicable if due to circumstances outside of the employee's control.
- ii. If an employee is to be held out of service a member of the Local Committee will be notified within two (2) hours from the time an employee is held out of service of the reason for such action.
- iii. The maximum period the Company can hold an employee out of service without pay, pursuant to paragraph i. above, is 30 days. If the Company does not meet this 30-day deadline, the employee will return to a paid status.
- iv. It is mutually understood that any disciplinary issue that was not documented with the employee cannot be raised in any future disciplinary action.
- v. The Company will provide the Union the Charge Letter, Exhibits, name of hearing officer, date and location of the hearing five (5) days prior to the hearing date. The Union will make every attempt to provide available exhibits to the Company 48 hours before the hearing, however, the Union will not be prevented from submitting additional exhibits that may become available after the 48-hour deadline.
- vi. The Union can request to move the hearing up to five (5) days from the date of the original hearing notice to accommodate scheduling issues.
- vii. If the Union is dissatisfied with the result of any decision following a disciplinary hearing, that decision may be appealed directly to 3rd Step of the grievance process.
- viii. For a 3rd Step Appeal of a termination, the applicable department Vice President, or their designee (who will hold the title of Managing Director or higher), will serve as hearing officer.

- ix. For a 3rd Step Appeal of any discipline less than termination, the applicable department Vice President, or their designee (who will hold the title of Senior Director or higher), will serve as hearing officer.

- x. Prior to any discussion between Management and an employee which may lead to discipline, the employee shall be presented a joint letter, agreed to by the Union and Company, to advise them of their rights to have a shop steward present before any discussion begins. The employee, by signing this form, can agree to waive his or her right to have a Union shop steward present

- xi. If an employee waives his or her right to a Union shop steward, and it is determined by the Company that discipline that would otherwise require a hearing is warranted, the Company will not discuss waiving the disciplinary hearing without the presence of a Union Shop Steward.

- xii. Paragraph x. and xi. above only apply to non-ACP issues.

In the event a regular pay day falls on a Saturday, Sunday or legal holiday, the Company will have pay checks prepared and distributed on the day preceding such Saturday, Sunday or legal holiday. It is Company policy to abide by Hawaii State law and to make employees' checks available by the end of their normal work shifts on established pay days.
- 19.4 When there is a shortage of one (1) day's pay or more in the amount paid to an employee, the Company shall, at the employee's request, issue a supplementary pay check to cover the shortage as soon as reasonably possible and within seventy-two (72) hours after it is determined what is due.
- 19.5 A statement of all wages and deductions made for the pay period will accompany the employee's pay check, and upon his request his time record will be made available for his inspection.
- 19.6 Employees leaving the service of the Company will be given their final pay checks within forty-eight (48) hours after final clearance at points where the payroll office is located or a check will be mailed within seventy-two (72) hours at other points.
- 19.7 Employees recalled to work from a layoff will be paid the current rate applicable to the job recalled for in accordance with the terms of the contract in effect as of the date of recall.
- 19.8 All employees covered by this Agreement shall be paid twenty-one cents (21¢) per hour and twenty-eight cents (28¢) per hour, respectively, for afternoon and night shifts as additional compensation over the rate paid on day shifts for all hours worked. Any shift starting at 11:00 a.m. or later and before 5:00 p.m. shall be considered an afternoon shift. Any shift starting at 5:00 p.m. or later and before 5:00 a.m. shall be considered a night shift. Afternoon and night shift premium pay will be included in the calculation of overtime and for vacation, sick leave, holidays, or other paid leaves.

- 19.9 An employee on a relief schedule will receive thirty-one cents (31¢) an hour additional compensation above the day shift rate for all regular hours worked. Relief schedules will be limited to two (2) starting times during any work week. Such starting times may be both on the same shift or on different shifts. Rotating relief employees shall not receive shift premium as provided for in Clause 19.8, but shall have the additional compensation provided for in this Paragraph treated, for pay purposes, the same as shift premium.
- 19.10 Those Chief Agents and Agents at neighbor island stations holding federal weather licenses will be paid, in addition to their base pay, sixty-five cents (65¢) per hour for those employees required to utilize such license. In order to receive such pay, each eligible employee must register said license with the Company and establish proof of currency.
- 19.11 Station Agents who have successfully passed the Senior Agent exam prior to October 1, 1983, shall continue to receive Specialist pay while working in a Station Agent capacity.
- 19.12
- a) An employee that enters a classification as a Lead or a Chief shall accrue or continue to accrue longevity within the basic classification.
 - b) If an employee steps down to a position in a lower classification in which they hold seniority, their pay shall be determined by placing them on the wage step equal to their years of seniority earned in that classification.
 - c) If an employee steps down to a position in a lower classification in which they do not hold seniority, they shall be placed on the years of service pay progression step equal to their years of service as opposed to the bottom of the wage scale. However, that employee shall be frozen in their new classification for a period of one year.
 - d) An employee transferring from one classification to another, after being placed on the correct step for pay progression purposes, will progress normally for both years of service and any annual classification increases agreed to by the Company and Union.
 - e) Whenever an employee successfully bids into a higher classification, that employee will be placed on the pay progression in the higher classification that is at least .25 cents greater than their current rate of pay.
- 19.13 All full time employees who have completed 20 years of service shall receive longevity pay of twenty cents (20¢) per hour.

- 19.14 Language Qualified Customer Service Agents will receive one dollar per hour premium above regular Customer Service Agents when working as Language Qualified Customer Service Agents
- 19.15 Premium Pay positions identified in Article 5 will receive one dollar (\$1.00) per hour premium. Chief Agents will not be eligible for this additional premium if assigned to a Premium Pay position/function.
- 19.16 Any employee awarded a Chief vacancy after February 16, 2022 (Date of Ratification of this Agreement) will be paid at the current base classification plus a Chief Premium of one dollar and seventy-five cents (\$1.75) per hour for that Chief Position.

Existing Chiefs as of the Date of Ratification above, including employees reclassified from Lead to Chief, will be red-circled after being placed at the appropriate step of the Chief/Lead pay scale and remain on that step until such time as the base classification rate plus the Chief Premium exceeds that amount, at which time their compensation as a Chief will be switched to the base rate + Premium methodology. While red-circled, such employees will receive annual across-the-board pay increases only.

- 19.17 All employees covered by this Agreement will receive pay from the first day of new-hire training.
- 19.18 The Move Team premium as described in Article 5.2 (a) will be one dollar and seventy-five cents (\$1.75) per hour for the regularly scheduled shift.

3 years but less than 4 years of service	3 weeks
4 years but less than 5 years of service	4 weeks
5 years but less than 6 years of service	5 weeks
6 years but less than 7 years of service	6 weeks
7 years but less than 8 years of service	7 weeks
8 years but less than 9 years of service	8 weeks
9 years but less than 10 years of service	9 weeks

11 years but less than 12 years of service	11 weeks
12 years but less than 13 years of service	12 weeks
13 years or more of service	13 weeks

20.3 Computation and Method of Payment: A week of severance allowance shall be computed on the basis of the employee's regular straight time hourly rate at the time of his employment interruption multiplied by forty (40) hours. Severance allowances shall be paid at the successive payroll periods immediately following the date employment is interrupted and shall continue to be paid until the employee is recalled or the severance allowance entitlement is exhausted, whichever occurs sooner.

20.4 Disallowances: Severance allowances shall not be paid when the employee:

- (a) is discharged for just cause, retires, or resigns.

- (b) has his employment temporarily interrupted because of a strike or picketing on Company premises, an Act of God, a national war emergency, revocation of the carrier's operating certificate(s), or grounding of the carrier's aircraft by governmental order.

20.6 Recall: An employee who has received a severance allowance under this Article and who has been recalled to work under the provisions of the Agreement and whose employment is again reduced in force under conditions which entitle him to severance allowance shall be paid the amount specified for his total years of service with the carrier, less the dollar amount received by him during previous employment interruptions.

20.7 Employees who collect unemployment benefits while on furlough shall have their severance offset by such unemployment benefits so their salary shall not exceed the employee's basic straight time earnings. This provision shall not reduce the total amount of severance available as provided in Clause 20.2.

ARTICLE 21

UNION SECURITY AND DEDUCTION OF DUES

- 21.1 In the interest of harmonious relations and the maintenance of a stable and responsible Union, the Company will not permit any employee covered by this Agreement not a member of the Union to indulge in any activities tending to undermine the Union and will enforce its policy in this matter with proper disciplinary action. Any grievance arising under this Article of the Agreement may be taken by the System General Chairman or his representative directly to the Chief Operating Officer or his designee for final action.
- 21.2 Each employee shall, as a condition of continued employment, within sixty (60) days of employment within the bargaining unit, become a member of and thereafter maintain membership in good standing (as herein defined) in the union; provided that such condition shall not apply with respect to any employee to whom such membership is not available upon the same terms and conditions as are generally applicable to any other member of his classification and at his point on the Company's system, or with respect to any employee to whom membership is denied or terminated for any reason other than the failure of the employee to tender the initiation fees, assessments, and monthly dues uniformly required of other employees in his classification and at his point on the Company's system as a condition of acquiring or retaining membership. For the purpose of this Agreement, "membership in good standing in the Union" shall consist of the payment by the employee of initiation or reinstatement fees uniformly required of other employees of like status, plus the payment of dues, and the payment of such assessments within prescribed limits as may be levied in accordance with procedures set forth in the Union's "Constitution of the Grand Lodge, District and Local Lodges, Councils and Conferences." Such membership in the Union does not preclude the Company from applying the probationary provisions in Articles 9.10, 23.15, 23.16, 24.5, 25.6, 26.8, and 27.7 of the Agreement.
- 21.3 The Company will within three (3) work days after receipt of notice from the Union discharge any employee, except those excluded in Clause 21.2 above, who is not in good standing in the Union as required by the preceding Clause.
- 21.4
- (a) All rights of any employee under this Agreement and such supplements or amendments that may apply thereto are contingent upon his acquisition and maintenance of membership in good standing in the Union, regardless of whether he is actively working, promoted, or transferred to a classification of work not covered by this Agreement, on leave of absence, laid off, or discharged.
 - (b) With the exception of those employees in military service, every employee listed on Hawaiian Airlines' I.A.M. Seniority Rosters must be in good standing with the I.A.M. in order to remain on such rosters. For the purpose of this paragraph, good standing means not more than ninety (90) days in arrears in payment of monthly dues. Those employees whose names appear on Hawaiian Airlines I.A.M. Seniority Roster (with the exception of employees exempted under the foregoing paragraph), who are not members of the Union on the date of signing this Agreement, shall be notified by registered mail and must become members within ninety (90) days.
 - (c) Such employees who do not become members within ninety (90) days shall have their names removed from the Seniority Roster within fifteen (15) days after the Union notifies the Company.

21.5 The parties agree that the checkoff authorization shall be in the following form:

Name _____ Dept. _____

I hereby authorize Hawaiian Airlines, Inc. to deduct each month from my wages, the sum of \$ on account of membership dues in _____. I further authorize the Company to deduct from my wages a designated sum on account of union initiation fee and assessments when notified in writing to do so by the Financial Secretary of the _____. The sums thus to be deducted are hereby assigned to me to _____ and are to be remitted by the Company to the Financial Secretary of the Union. I submit this authorization and assignment with the understanding that it will be effective and irrevocable for the period of one (1) year from this date, or up to the termination date of the current collective bargaining agreement between Hawaiian Airlines, Inc. and International Association of Machinists, whichever occurs sooner. This authorization and assignment shall continue in full force and effect for yearly periods beyond the irrevocable period set forth above, and such subsequent yearly period shall be similarly irrevocable unless revoked by me within fifteen (15) days after any irrevocable period hereof. Such revocation shall be effected by written notice to the Company and the Union within such fifteen (15) day period.

Any employee who was enrolled in a Group Two Plan at DOR (February 16, 2022) who does not enroll in a Group One Plan after the Group Two Plans are eliminated and subsequently enrolls during an open enrollment or a Life Status Change at a later date, will pay the contribution rate that is in effect at the time of enrollment.

The contribution for any part-time employees enrolled in a Group One Plan at any tier level above Single Only that was previously enrolled in a Group Two Plan will be 20% monthly of the premium cost established annually.

Should the Company delay offering an open enrollment until the 2023 open enrollment, all plans will remain status quo for the remainder of 2022, including contribution rates and caps.

Group One Plans will remain part of the Collective Bargaining Agreement and plan features will not be changed or modified without mutual agreement with the IAM & AW.

- (a) The Company will provide all members covered by this Agreement, who have been employed in a full-time capacity for a period of six (6) continuous months, life insurance at no cost to the employee in an amount equaling to one (1) times his annual base earnings (rounded up to the next highest multiple of \$1,000 if it is not already a multiple of \$1,000) not to exceed \$120,000. The amount of insurance provided will be adjusted at the beginning of each calendar year to reflect any salary or wage increases which the employee may have received during the year just completed

- (c) After six (6) months of continuous full-time employment, full-time employees will be provided accidental death and dismemberment coverage at no cost to the employee in an amount equaling to one (1) times his annual base (rounded up to the next highest multiple of \$1,000 if it is not already a multiple of \$1,000), not to exceed \$120,000.

- (e) Upon the death of an employee who has retired after September 30, 1977 at age 65 with at least ten (10) years of service or who has retired under the rules of "85" or "90", the Company will pay the named beneficiary, or to the employee's estate, a death benefit of \$3,500.00

- (f) The Company agrees that this plan will not be substantially changed or discontinued during the term of this Agreement without first advising the Union of the reasons therefore and affording the Union an opportunity to confer with the Company.

22.6 SPOUSAL & DEPENDENT INSURANCE

Beginning with the month following application therefore, an eligible employee may purchase, through payroll deduction, \$5,000 of group life insurance for his/her spouse and \$2,000 for each dependent child at the best group rate the Company can obtain. 22.7 LTD

Full-time employees under this Agreement will be eligible to receive, ninety (90) days after their last day of active employment or at the expiration of their sick leave payments, whichever occurs later, sixty percent (60%) of their current salary (not to exceed \$1,600.00 per month) as long term disability payments. Disability payments under this clause will be made only for non-job connected disability and will be made for a maximum period of five (5) years or until the employee reaches 65 years of age, whichever occurs first.

22.8 401(K) SAVINGS PLAN

The Company will make contributions and will match 100% of each employee's 401(k) contribution up to 4% of their compensation, as defined under the 401(k) Plan, based on the following schedule for all full-time employees and part-time employees after meeting the eligibility requirements:

Years of Service as Defined in the Plan	Company Contribution	Company Match
1 year but less than 10*	5.04%	0 percent (0%)
10 years but less than 15	5.04%	one percent (1%)
15 years but less than 20	5.04%	two percent (2%)
20 years but less than 25	5.04%	three percent (3%)
25 years or more of service	5.04%	four percent (4%)

Employees hired after 1/18/2010 will not receive the Company Contribution until they reach five (5) years of service with the Company.

In addition to the investment options currently existing in the Hawaiian Airlines, Inc. 401(k) Plan, additional investment options shall be selected, from time to time, by the Company, in consultation with the IAM.

22.9 PENSION PLAN

The Company will provide, at no cost to the employee, a fully paid pension plan (see Retirement Letter of Understanding included in the Agreement). Effective January 1985 employees must have reached 21 years of age and been employed full-time for one (1) year in order to be eligible for this program. Effective July 1, 1981, employees who reached 23 years of age and have one (1) year of full-time service with the Company were eligible to participate in the Company's retirement program. Those employees whose eligibility did not start until age 25 and who had one (1) year of service with the Company at age 23 were given credit for two (2) additional years of service effective July 1, 1981.

The Company will provide all eligible employees retiring after January 16, 1987 a retirement program as follows:

(a) Normal Retirement (age 65)

1.6% of Final Average Pay multiplied by years of Credited Service. (Average of best 5 consecutive years earnings out of last 10 years worked)

(b) Early Retirement (Less than 30 Years Employment) - Minimum Age 55

1.6% of Final Average Pay multiplied by years of Credited Service actuarially reduced for each year under age 65

(c) Early Retirement (30 Years or More of Employment) Rule of 85

Retirement Age:	55	56	57	58	59
Percentage:	60	62 1/2	65	67 1/2	70

Rule of 90

If an employee is 60 years old or over and has been employed by Hawaiian Airlines for 30 years, he will be able to retire at 1.6% of his Final Average Pay multiplied by years of Credited Service without any actuarial reduction for years under age 65.

EXAMPLE: John Jones is 60 and has worked 30 years for Hawaiian Airlines. He was 30 years old when first employed. During his first year with the Company, he was

not eligible to join the Plan. At age 31 he had 1 year of service and joined the Plan. At age 60, he had 29 years of Credited Service. His best 5 year average annual straight time earnings during his last 10 years of employment was \$30,000. His yearly retirement income with no reductions will be:

$$1.6\% \times \$30,000 \times 29 \text{ years} = \$13,920.00, \text{ or } \$1,160.00 \text{ per month}$$

It is further understood and agreed that as of January 1, 1973 the Variable Annuity Plan for employees administered by the Bishop Trust Company has been discontinued and all future retirement payments will be based on the Fixed Annuity payments outlined above. However, contributions made to the Variable Fund by employees prior to January 1, 1971 plus interest will always be payable to them or their heirs should the employee resign or die.

In addition, employees who either failed to join or dropped out of the retirement plans prior to January 1, 1971 will be given credit for past service to the dates they first could have become eligible (age 25 and 3 years of service; effective July 1, 1981, age 23 and 1 year of service) for purposes of calculating their benefit at retirement, consistent with Company practice supported by that arbitration decision of April 4, 1983. Employees who contributed their own funds prior to January 1, 1971 will receive credit for such contributions plus interest thereon through December 31, 1974, and will receive an additional monthly retirement benefit for such contributions over and above the Company paid plan, or may elect to receive his contributions in one lump sum cash payment.

Effective October 1, 1993, the pay and service levels in the above defined benefit plan will be frozen. Participants' benefits from the plan will be calculated based on pay and years of credited service through October 1, 1993, but will not include any pay and credited service after that date. Union members of the Pension Committee will be given reasonable time during working hours to confer with the Company on pension matters.

22.10 REGULAR PART-TIME BENEFIT COVERAGE

Regular Part-time employees will be entitled to medical and dental benefits. After February 16, 2022, in the next open enrollment part-time employees will now have the option of enrolling in coverage above single only but will be required to pay a 20% monthly contribution of the premium cost established annually.

22.11 UNION LEAVE BENEFIT COVERAGE

The employees selected as System General Chairman and Assistant System General Chairman shall have all employee benefits that can reasonably be continued in effect during their leaves of absence. The cost of Medical, Dental, Life Insurance, and Pension Plans will be borne solely by the employees on leave.

22.12 EXTENDED ILLNESS BENEFIT COVERAGE

The Company will continue medical, dental and group life coverage, at no cost to the full-time and regular part-time employee, for one (1) year after sick leave and/or occupational injury leave

has been exhausted for any employee who is disabled to the extent that he cannot perform any kind of gainful employment. After one (1) year no cost provision described above such employee may continue such coverage for an additional one (1) year by paying the same monthly contribution in effect for an active employee. The disabled employee may pay his own medical and dental premiums thereafter, through the Company, until he no longer has employee status. Group life insurance may be converted to an individual policy upon termination of coverage after the two (2) year period.

22.13 FURLOUGH BENEFIT COVERAGE

In the event of furlough because of a reduction in force, full-time employees with five (5) or more years of service who are covered under the Company's medical and/or dental plans will continue to be covered by such plans for a period of three (3) months past their last day of active employment. After three (3) months on furlough, an eligible employee and his dependents may continue in the Company's medical and/or dental plans at his own expense until recalled, or for so long as he remains on the Company's seniority list, or until obtaining full-time employment elsewhere, whichever event coverage occurs first, but in no event longer than two (2) years from his date of furlough. It is understood and agreed that during the life of this Agreement the clerical employees of the Industrial Relations Department and the Secretaries of Company Officers and Department and Division Heads shall be excluded from the Union Shop provisions of this Agreement.
- (b) The Company agrees that all work which is now performed directly by the Company with its employees involving office work, reservations work, passenger service work, terminal work, cargo and/or baggage handling, accounting and secretarial work, and all other work related to the above referred to crafts and classes of employees performed by the Company is recognized as coming within the jurisdiction of the International Association of Machinists, and is covered by this Agreement. Said work will be performed only by employees falling within the classification covered by this Agreement or that may by mutual agreement be added by the parties. However, the Company may continue to contract out work which has heretofore been customarily contracted out because of lack of Company facilities and equipment. It is the Company's intent, however, to continue to utilize its own facilities and equipment in performing work in its own organization. With the installation of ticket reader machines, it is agreed that F/A will be allowed to assist by checking and collecting passenger boarding passes/tickets at the gate in HNL, LAX and OGG. It is further understood that the agent is ultimately responsible for the boarding of flights.

In cases where emergency changes are necessary, the Company will notify the Committee and such changes will be posted and become effective immediately thereafter.
- (d) At any stations away from the State of Hawaii, the Company may contract out the work necessary to operate and service aircraft. However, should the Company's operation expand so that there is work to cover eight (8) hours a day for five (5) days in a standard work week at one location, the Company will use employees covered under this Agreement.
- (e) Variations in job requirements may create additional classifications or materially change a position that is within an existing classification. When a new position is created for work covered by this Agreement, the parties will meet to agree on rate of pay, rules and working conditions.

The eight (8) hour shifts worked by part-time personnel on the weekend shall be the same as the full-time eight (8) hour shift worked during the week. If part time employees are hired only for the weekend coverage they shall be classified as "weekend part-time" and while in that status can only be used to relieve full-time staff on weekends and holidays. To be classified as a weekend shift, part of the shift must fall on a Saturday, Sunday or holiday.
 - i The Company will solicit volunteers from the affected Regular Part-Time classification on shift for extra time paid at straight time before mandatorily extending a Regular Part-Time classification employee.
 - A. If there are no volunteers, the Company will extend employees based on inverse Classification Seniority from all employees of the same shift end time.

- (h) The regular starting and stopping time for work shifts will be scheduled and posted at each work unit and at the line stations and will not be changed without seven (7) calendar days notice to any employee affected by such change. Posting of shift change seven (7) calendar days in advance will be presumed to be actual notice five (5) work days in advance. Any change of more than one (1) hour in the starting time of a shift, or any change in the stopping time of a shift, will call for a bulletin of all jobs affected for local bids.

(k) It is expressly agreed that the restrictive provisions of this agreement relative to the utilization of part timers, i.e. maximum number, number of shift start times, overlap requirement, and maximum hours of scheduled work in a day or a week are without any effect during the following seasonal periods, provided, during such periods of unrestricted utilization within any department all full time employees with a seniority date prior to 9/1/93 with recall rights to that department have been offered work as a full time employee. The seasonal periods for this unrestricted utilization of part timers on the above basis are the following:

May 15 through Labor Day

November 10 through January 15

Prior to utilizing this seasonal exception, the Company will allow part-time employees to voluntarily opt-out of seasonal extended hours (listed in seniority order). However, if the need for coverage of extended hour shifts is not met, employees opting out may be required to work seasonal extended hours in inverse seniority order.

The Company may utilize shift improvement bids in a part-time work unit to adjust seasonal hours.

DOMESTIC PARTNERSHIPS

Whereas Article 22.3 of the IAM Clerical Agreement and Article 23.3 of the IAM Mechanic and Related Collective Bargaining Agreement (“CBA”) contains the following language:

Same sex domestic partners of employees will be eligible for dependent coverage under Medical and COBRA. The employee will be responsible for all applicable taxes. Guidelines for eligibility for Domestic Partner coverage will be established by the Company.

Whereas the Company has asked for the removal of said language because same sex marriage is now legally recognized by the State of Hawaii, the other forty-nine states within the Union and the Federal Government;

Whereas the CBA never recognized opposite sex domestic partners for the purpose of benefits because the State of Hawaii does not recognize domestic partnerships for the purposes of mandatory employer benefits and the benefits afforded by Hawaiian Airlines were therefore previously afforded to only married opposite sex couples;

Whereas now that both opposite sex and same sex couples are able to be married and legally recognized for the purpose of benefits, providing additional benefits to same sex domestic partners could be viewed as discriminatory to opposite sex couples who must be married in order to receive spousal benefits;

However, there are employees who through their employment currently receive benefits for their domestic partner, regardless of the contract language contained in the CBA;

Therefore the Company will continue to honor those benefits already established and both the Company and the Union hereby agree to remove the language from Article 22.3 and 23.3 referenced above.

If this letter is not part of any other collective bargaining agreement or the Company does not apply this letter to any employee group that is not represented, the original language will be reinstated in the Collective Bargaining Agreement.

Dear Mr. Kauhane: Re: Training Courses

During negotiations for Plan B restructuring the following was agreed:

When a prerequisite is required for a position, an employee will not be disqualified when that particular course(s) is not available. When courses are available, whether offered internally or through outside resources, it is the responsibility of the employee to seek out these opportunities in order to progress within the bargaining unit. Employees are urged to submit their career goals to their supervisor in writing to ensure required training and options are identified. If the course or training is not available through the Training and Learning Center, the supervisor should determine if the course is offered through other sources such as a Community College, Adult Education, Computer Based Learning. If so available, the Company will reimburse the cost of tuition and mandatory books for such courses subject to the following:

- A. The employee must receive written approval from the Department Manager prior to taking the course if the employee is requesting that the Company pay for the expenses.
- B. On successful completion of a course for which reimbursement is requested, the employee must provide official evidence of successful completion as well as receipts for tuition and books.
- C. If the employee wishes to have their record reflect successful completion of a course they must provide the Company with an official transcript which will be placed in the Personnel file.

RE: Letter of Understanding - Temporary Utilization of Honolulu
Customer Service Agents/Chief Agents

Dear Mr. Kauhane:

The Company and the Union are committed to finding meaningful work opportunities for the agents and Chief agents at Honolulu's customer service department. With the transition of employees from the "outsourced departments", we find that there are challenges in finding meaningful work for all employees.

Therefore, the undersigned parties agree as follows:

- A. The Company can temporarily assign protected and unprotected Honolulu Station Customer Service Agents/Chief Agents to other positions within the Company as long as that position is not already within the job scope of the IAM or another union.
- B. The temporary assignment will be on a voluntary basis and for a period not to exceed 6 months. Selection for such assignments will be by Company seniority. The length of assignment may be amended by mutual agreement between the Company and the Union.
- C. The Union agrees that it cannot use the new work performed by its union member as a basis to claim such work as within the scope of the Agreement.
- D. It is agreed that the temporary assignment may be outside the already established shift/day-off of the employee.
- E. The employee will be paid at the same rate of pay whenever filling such temporary assignment. In addition, seniority and/or "protection" status will be unaffected while in such assignment.
- F. While working in such temporary assignments, employees may trade only with employees who are also filling such temporary assignments.

BUYER/CHIEF BUYER & INVENTORY AGENT/CHIEF CLASSIFICATIONS

THIS LETTER OF AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company" and the Clerical, Office, Stores, Fleet and Passenger Service Employees of the Company as represented by the INTERNATIONAL ASSOCIATION OF MACHINISTS AND AEROSPACE WORKERS (AFL-CIO) (hereinafter referred to as the "Union").

WITNESSETH:

The Company and the Union agree that the dynamics of the airline industry and innovations in technology will continue to evolve;

The Company and the Union further agree that maintaining status quo resources poses significant procurement opportunity cost risks;

The Company and the Union, in the spirit of cooperation and a mutual desire to ensure the continued viability, stability and profitability for both the Company and the Union's members, met on **September 20, 2013**, to discuss the Company's Strategic Procurement Organizational Design and Staff Planning.

IT IS AGREED THAT:

Implementation of TRAX and PeopleSoft eProcure Management Systems

The Company has proceeded with the implementation of new highly sophisticated Procurement, Inventory and Accounting systems that automate most previously clerical functions and require buyers & inventory control agents to analyze data, support major contract negotiations and develop supplier relationships

The "Strategic Procurement Department" itself is a new industry-competitive organization structure that recognizes that the procurement discipline has moved from an operational purchasing model to a more analytical comprehensive supply chain model.

Staff Planning

To achieve industry best practice organizational structure and staffing to support growth:

- The current staff headcount may increase from twelve (12) to fifteen (15) Buyers/Inventory Agents/Chief Buyer/Inventory Chief; a potential net staff increase of three (3) positions. This is pending upon discussions with the present 2 AOG Planner/Expeditor to either accept their present positions as contract positions, or remain as non-contract. The one open AOG Planner/Expeditor position will be a contract Buyer position until vacated via attrition (such position must be filled for at least one year by said employee).
- Current twelve (12) Buyers/Inventory Agents/Chief Buyer/Inventory Chief, plus one (1) new Buyer, and potentially the (2) AOG Planner/Expeditor positions may be maintained as contract employees and follow the IAM-Clerical agreement (CBA) between Hawaiian Airlines, Inc. and the IAM.
- Only by attrition of the (13) contract positions shall the company be able to increase staffing (new vacancies) designated as non-contract position.
- Any departmental changes in Purchasing and Inventory will not affect contract employees "protected status" under the 2006 Job Security and Outsourcing Letter of Agreements (LOA #5, LOA #10 and Q&A document).

Buyer and Inventory Agent Classifications

The Buyers/Inventory Agents/Chief Buyer/Inventory Chief classifications will remain included in the articles of the CBA. These incumbent twelve (12) plus one (1) new AOG positions will remain under the CBA.

Training/Proficiency

Buyers/Inventory Agents/Chief Buyer/Inventory Chief will be provided with comprehensive training for strategic procurement best practice processes and development of the newly required skillsets during normal working hours at their applicable hourly rate of pay. The applicable training and overtime provisions apply per the CBA. Employees will be provided with all materials and necessary tools to perform their duties, which will be provided by the company at no cost to the employee. Duties and newly required skillsets will be clearly outlined, mutually agreed to between the Company and the Union, and comply with the CBA.

The Union will be given an opportunity for input and consultation prior to any formal counseling of any protected employee, if such counseling deems the movement of a contract employee out of Strategic Procurement into another IAM protected position due to the inability of the employee to attain reasonable proficiency and established guidelines. Buyers/Inventory Agents/Chief Buyer/Inventory Chief on his/her own accord may at any time opt to:

- Transition to Honolulu Station on a lateral or higher classification, or
- Accept a voluntary separation package pursuant to the Job Security and Outsourcing Letter of Agreements (LOA #5, LOA #10 and Q&A document).

The parties acknowledge that there may be certain matters which may have been overlooked or not foreseen. Therefore, the parties agree to meet and resolve such matters as they arise.

LOA #13

LETTER OF AGREEMENT

PERFORMANCE BONUS AND PROFIT BONUS PROGRAMS

Incentive Compensation Program

The IAM-C will participate in the Incentive Compensation Program established by the Board of Directors for senior management, with a target payout bonus of one percent (1%) of W-2 wages. The same numerical calculations established by the Board that determines the Company's performance will be applied to the IAM-C, resulting in a potential payment range of zero percent (0%) to two percent (2%) of the previous year's W-2 wages. Payment from the Incentive Compensation Program will be paid at the same time and in the same manner as applied to senior management. The distribution amount will be prorated based on months of participation.

Performance Bonus

Each year, the Company will establish performance goals for on-time performance, safety, etc. Based on the yearly goals, quarterly goals will be set. These performance goals will be discussed with all unions and brought to the attention of all employees. For each quarter that the performance goals are met, each active full-time employee will receive a bonus of \$150, a potential total of \$600 per year, and each active part-time employee will be eligible for a quarterly bonus of \$75 per quarter, a potential total of \$300 per year. Any bonus payments will be reduced by applicable taxes and pre-tax deferral deductions. If goals are not met, no performance bonus will be paid for that quarter. Performance bonus payments will be paid regardless of company profitability. Should the Performance Bonus payments be increased for any other group, such increase shall not result in a decrease to IAM-C's share of any Profit Bonus.

Profit Bonus

The total potential profit bonus will be 5% of annual pretax profits (excluding extraordinary items and charges) from the first dollar of profit. Before being allocated among employee groups, the total potential profit bonus will be reduced dollar-for-dollar by the performance bonuses and any special bonuses paid for the year. The Company may, at its discretion, pay the profit bonus on a quarterly, rather than an annual basis. Should any other group(s) be provided a different Profit Bonus formula, such group(s) will be separated into a different Profit Bonus plan so as not to negatively impact the IAM-C's share of the plan.

The net profit bonus will first be divided among all employee groups (ALPA, AFA, IAM, TWU, non-represented, etc.) on the basis of each group's pro rata share of W-2 wages for the year. The pro rata share of any non-participating employee group will not be paid out to any group. Within each participating group, the bonus will then be allocated based on regular W-2 wages (as defined below) of each eligible member of the group, or another basis if that is agreed upon. Profit bonuses paid will be less applicable taxes and pre-tax deferral deductions. The Company would have discretion to set a minimum amount payable to any individual.

Example

If Hawaiian's 2009 pre-tax profit were \$40 million the total potential bonus payment would be \$2 million. If the Performance Bonuses paid out for the year totaled \$600 thousand, then up to \$1.4 million would be allocated among employee groups and individual employees in the manner described above.

General Provisions

Eligible employees are defined as active employees during the applicable period with accumulated W-2 wages in excess of \$500 per quarter unless, before the time of payout, they were involuntarily terminated or voluntarily resigned. The profit Performance Bonus and Profit Bonus plans would apply to all employees meeting these criteria, except corporate officers. The above criteria would also apply to all employees and corporate officers in the Incentive Compensation Program.

For purposes of the plans, W-2 wages shall mean regular earnings as reported in Box 5 including employee pre-tax deferrals (e.g. 401(k) employee contributions) on previous year's IRS Form W-2 and exclude bonuses, vacation payoffs, insurance, layoff severance and other similar non-regular earnings even if otherwise reported in Box 5 on Form W-2.

Payments described herein will not be treated as covered compensation for 401(k) or pension plan purposes.

Participation in the Performance Bonus, Profit Bonus and the Incentive Compensation Programs described herein shall continue unless and until terminated in a future CBA.

This LOA reflects the parties' complete agreement on the Performance Bonus, Profit Bonus and Incentive Compensation Programs, unless mutually agreed otherwise, and will only apply for the Performance Bonus, Profit Bonus and Incentive Compensation payments for the 2020 Program year (payable in 2021) and beyond, subject to the applicable rules of the programs, unless and until terminated in a future CBA.

LETTER OF AGREEMENT
Between
HAWAIIAN AIRLINES, INC.
And the
INTERNATIONAL ASSOCIATION OF MACHINISTS AND AEROSPACE WORKERS
Representing
CLERICAL, OFFICE, STORES, FLEET and PASSENGER SERVICE EMPLOYEES
In the service, of
HAWAIIAN AIRLINES, INC.

PPG AGENTS

THIS LETTER OF AGREEMENT is made and entered into in accordance with the provisions of the Railway Labor Act, as amended, by and between HAWAIIAN AIRLINES, INC. (hereinafter referred to as the "Company" and the Clerical, Office, Stores, Fleet and Passenger Service Employees of the Company as represented by the INTERNATIONAL ASSOCIATION OF MACHINISTS AND AEROSPACE WORKERS (AFL-CIO) (hereinafter referred to as the "Union").

WITNESSETH:

Article 2.1 of the Collective Bargaining Agreement ("CBA") states that "The Company hereby recognizes the Union as the sole and exclusive bargaining agent for all employees of the Company in the United States, its Territories and Possessions, who comprise the crafts or classes of clerical, office, stores, fleet and passenger service employees."

The above language was added to the CBA as part of the 1980-1981 negotiations. Hawaiian Airlines has serviced Pago Pago, American Samoa ("PPG") for over 30 years and during this time the employees working in PPG were Hawaiian Airlines employees operating in non-contract roles.

The Union in May of 2017 approached the Company and indicated their legal team determined that those employees should be members of the craft of class under the CBA.

The Union and Company met in July of 2017 to discuss the parameters under which to move the existing PPG employees from non-contract positions to IAM contract employees covered by the IAM CBA. The following represents the Company's and Union's agreement as to integrating current and future PPG employees into IAM-covered positions.

IT IS AGREED THAT:

PPG employees whose job is to perform work belonging to the class and craft of work described in Article 2.2 of the Collective Bargaining Agreement, will have their own classification entitled "PPG Agent." This Letter of Agreement sets forth the entire agreement and understanding of the parties with respect to PPG Agents and the extent to which they are covered under the Agreement, including but not limited to work rules, rates of pay, benefits, and conditions for the

classification of PPG Agent. Only the following provisions of the Agreement shall apply to PPG Agents: Article 1, Purpose of the Agreement; Article 2, Scope of Agreement (excluding Clauses 2.5, 2.6, and 2.7); Articles 3, Status of Agreement and Job Security; Article 15, Discipline and Grievance Procedure; Article 16, System Board of Adjustment; Article 17, Safety and Health; Article 21, Union Security and Deduction of Dues; Article 28, Saving Clause; Article 29, Effective Date and Duration.

Transition Dates: In general, the terms outlined in the previous paragraph from the current Collective Bargaining Agreement (“CBA”) between Hawaiian Airlines, Inc. and the International Association of Machinists covering the Clerical, Office, Stores, Fleet and Passenger Service Employees, as amended, dated January 8, 2016, will become applicable to the American Samoa “PPG Agents” within 60 (sixty) days following the execution of this Agreement (“Transition Date”), except where transition dates for specific CBA articles are otherwise set forth in Attachment A hereto.

Effective Date: This Letter of Agreement governs in case of conflict between one of its terms and a provision of the existing Hawaiian Airlines Clerical, Office, Stores, Fleet and Passenger Service Employees Collective Bargaining Agreement, as amended dated January 8, 2016.

1. PPG Agent positions not contracted out in accordance with Clause 2.4 of the Agreement will be staffed with IAM covered PPG Agents. Notwithstanding the provisions outlined in the Article, the Company may contract the work, in accordance with Clause 2.4 of the Agreement, if the provisions relating to PPG Agents are no longer beneficial to the Company. In such case, the Company will provide sixty (60) days’ notice to the Union.
2. PPG employees will have their own classification entitled “PPG Agent”.
3. Scheduling and work assignments of PPG Agents remain at the sole discretion of Hawaiian Airlines Management. Hawaiian Airlines Management at PPG may assist with the operation as needed.
 - A. The Company will solicit volunteers from the PPG Agent classification on shift for extra time paid at straight time before mandatorily extending a PPG Agent classification employee.
 - i. If there are no volunteers, the Company will extend employees based on inverse Classification Seniority from all employees of the same shift end time.
 - B. All mandatory overtime for PPG Agent employees will be paid at a rate of one and a half times (1.5x).
4. Employees currently working in PPG will be given a PPG Classification Seniority date as of DOR. New employees hired into a position in PPG or transferring into PPG will be given a new PPG Classification Seniority date. Company seniority dates will be used for vacation bidding. If a PPG Agent bids to a Mainline position in Hawaii or Mainland Station, that individual will receive a new classification date depending upon whether their position is part-time or full-time. If a PPG Agent bids to an MCSR Station, they will receive

a new Classification Seniority date as an MCSR. PPG Agents will retain date of hire when bidding to an IAM position outside American Samoa.

5. The pay rates are listed in Article 19.20.

6. PPG Agents will earn sick leave pay and vacation hours at the same rate as other IAM employees based upon their hours worked as PPG Agents.

7. PPG Agents will be eligible for 401k contributions and match subject to the table and eligibility requirements in Section (Article) 22.8 or as defined by the plan document rules for transfer.

8. PPG Agents who are active employees of the Company as of the Effective Date will maintain their medical benefits as non-contract employees for 2019. Effective with open enrollment for the 2020 plan year, active employees of the Company as of the Effective Date will be able to enroll in medical, dental, life and LTD plan options and pay the same rates available to the IAM-C eligibility group. Employees hired after the Effective Date of this agreement will be able to enroll in medical, dental, life and LTD plan options available to the IAM-C eligibility group.

9. PPG Agents working on any of the nine (9) Company recognized IAM Holidays will receive overtime pay of time and one-half for those hours worked on a Company recognized IAM Holiday. The Company and the Union hereby agree to substitute the Kamehameha Day holiday currently recognized by the Company and the IAM with American Samoa Flag Day celebrated in American Samoa annually on April 17.

10. PPG Agents will be eligible for retiree benefits in Accordance with Hawaiian Airlines Company Policy. PPG Agents will be eligible for Profit Sharing, Stock and Performance Bonuses as outlined in Letter of Agreement #13 of the Collective Bargaining Agreement provided they meet the eligibility requirements outlined in that Letter of Agreement.

11. PPG Agents who are active employees of the Company as of the effective date of this Agreement will receive a one-time bonus of \$500.

12. The Union expressly waives any claims that other conditions not described herein apply to PPG employees, and this agreement resolves any and all claims regarding prior treatment of PPG employees and their future status under the Agreement.

13. PPG Agents want to maintain a local in-house program known as Work In / Work Out. This program allows PPG Agents to work the live flight for a couple of hours then be allowed to board the same flight for a trip prior to the scheduled end of shift, or conversely, arrive on the inbound flight and work their assigned shift after arrival. This practice is necessary as flights from American Samoa to Hawaii are limited in any given week and most employees would not be able to utilize their flight benefits if they could not catch a flight scheduled to depart during their normally scheduled work hours.

The Company will continue this practice as has been administered historically by Management.

14. PPG Agents shall be entitled to purchase Universal Life, Cancer Policy, Critical Illness, Nursing Care or any other Insurance Policy presented by the IAM. Participation in such programs shall be strictly voluntary and paid through payroll deduction. Plans shall be offered through Agencies and Underwriters selected by the Union. The Company shall allow the IAM reasonable opportunity for onsite enrollment at least once each year.

15. PPG Agents who are active employees as of the effective date of this agreement will be grandfathered with respect to earning retiree travel benefits, i.e., retirement flight benefits will be earned based on minimum years of service, not based on minimum years of service plus minimum hours of service. They will maintain the same retiree travel benefits afforded to them per Company policy as regular part time non-contract employees prior to the signing of this agreement. Employees transferring or hired into a PPG Agent position after the effective date of this agreement will be eligible for pass travel benefits in accordance with Company Policy and the CBA.

16. Union dues will not increase at a higher percentage than the annual percentage of increase of PPG Agent's hourly pay rate.

If any unforeseen issues arise as a result of this agreement, the Company and the Union will meet to discuss resolution of those issues.

IN WITNESS WHEREOF, the parties hereto have executed this Letter of Agreement effective this ____ day of January 10, 2022.

APPENDIX B

SEVEN STEPS FOR JUST CAUSE

Following are the steps which arbitrators will consider when determining if there was just cause for disciplinary action.

1. Adequate notice: Did the Company give to the employee forewarning or foreknowledge of the possible or probable disciplinary consequences of the employee's conduct?
2. Reasonable rules: Was the Company's rule or managerial order reasonably related to the orderly, efficient, and safe operation of the Company's business?
3. Fair investigation: Did the company, before administering discipline to an employee, make an effort to discover whether the employee did in fact violate or disobey a rule or order of management?
4. Opportunity to respond: Was the Company's investigation conducted fairly and objectively?
5. Substantial proof: At the investigation did the judge obtain substantial evidence or proof that the employee was guilty as charged?
6. Equal treatment: Has the Company applied its rules, orders, and penalties evenhandedly and without discrimination to all employees?
7. Appropriate penalty: Was the degree of discipline administered by the company in a particular case reasonably related to (a) the seriousness of the employee's proven offense and (b) the record of the employee in his service with the company?
